

SAGOLA

DECEMBER 2019
NEW LAUNCH

FAST, EASY AND EFFECTIVE

4600 LIMITED EDITION TROPHY TRUCK

SAGOLA launches the new limited series 4600 TROPHY TRUCK. The technology taken to its maximum expression. An exclusive version inspired by the greatest exponent of OFF ROAD vehicles. Fast Agile Vehicles and for which there is no land that can resist them even at unimaginable speeds.

LIMITED  TROPHY TRUCK EDITION

www.sagola.com

This version is the culmination of a great technological development and the combination of air aerodynamics and fluid engineering. The combination of both gives us a version where the *SIMPLICITY OF MANAGEMENT* and *MINIMUM ADAPTATION* by the professional prevail.

This is SAGOLA's new limited series. A gun with exceptional application speed and unmatched product transfer level.

Thanks to its new TITANIA PRO aircap we offer levels of atomization and fan size never seen before combined with a great product contribution and application speed.

- Larger fan of Xtreme Series
- Ideal for fast drying HS clearcoats
- Ease of application. Maximum brightness

Aircaps

Fan size	310 mm.
Product flow	240 g/min.
Air consumption	315 L/min.
